Festivities Close Harvest Season At Clewiston's Mill

Barbecue And Dance Enjoyed By Thousands On Saturday

The big harvest-end barbecue and dance at the Sugar house at Clewiston was an attraction that drew thousands of people there. Those delicious barbecued viands were dispersed to more than 2000 people.

In the afternoon, the newly formed Clewiston band, under the direction of Prof. Frank Sturchio, presented a program of band music, which was attentively heard by the big assemblage of people.

On a large guide board, was presented a facsimile message from Clarence Bittling, of the U. S. Sugar Corporation, from New York, which read:

"Congratulations to the entire organization, on account of harvest under extreme difficulties and unusual handicaps. Sorry I cannot be present. Extend good wishes to all."

The big dance in the evening was attended by people from miles around, and many from Canal Point, Pahokee and Belle Glade were in the crowd.

Joy W. Moran, vice president and general manager of the corporation, issued a statement in which he said: "The 1939-40 crop produced 663,232 tons of cane and 128,184,875 pounds of sugar. The crop totaled 135 days and could have been extended until May 1, but for the effect of adverse climatic conditions in combination with federal restrictions on production."

The sugar house, Mr. Moran said, attained its highest rate of efficient operation this season with a higher average hourly grinding and less time lost for mechanical repairs and clean-up. This total amount to less than four per cent of the total operating time.

Approximately 5,000 acres of cane remain uncut.

CALLED TO LAKELAND
Mr. and Mrs. Arthur Bush were called to Lakeland Saturday afternoon on account of the serious illness of Mr. Bush's mother, Mrs. Joe Bush.

Singers Attend Okeechobee Meet

USING NEW TYPE DYNAMITE

Starting the first of the week, the contractors doing the dike barge and blasting work began using a new type of dynamite, a product from the Dupont laboratories. This explosive requires both heat and shot impulse before it explodes, but when it does go off, it is claimed that it has greater shattering force than the old type of dynamite.

school system, "because I was a poor boy myself and would have been denied the opportunity of an education equally as good as the education of a wealthier boy who had to obtain it if he had not been for our free schools."

"Free public schools enable all youth, rich and poor, to develop the full power of the brain with which they were born."

"Florida's school standard is low and something must be done about it. Our teachers and our administrators, with an average length of office of only two years and an average salary of only \$70 a month, are compelled to spend a lot of their time endeavoring to keep in good with the political powers that be."

In Tampa Mr. Whitehair urged Florida Sheriffs to cooperate in a statewide program designed to maintain a wholesome atmosphere in the various counties.

"I can understand how difficult it is for you to perform the duties of your office under threat of a vacillating policy in Tallahassee," he continued. "My views as your governor will be made clear to you and you can depend upon this at all times."

"In my opinion, the greatest weakness in law enforcement has been in constant interference from Tallahassee. Instead of being Sheriff-in-Chief of Florida as has too frequently been the order of the day from many chief executives of the past, I shall be your friend, cooperate with you by minding my own official business."

To these remarks the lawyer-farmer and businessman candidate added: "I shall not be interested in the political success of factional politicians of the many counties of Florida, and I will never remove or worry you for the political expediency of some one or group of men."

Because he invented a V-shaped belt for driving fans and machinery, said to be the greatest improvement in this branch of mechanics since the invention of the first belt and pulley, Charles E. Shoff of Clewiston is listed this year as one of the 28 outstanding leaders in American science and industry by the National Association of Manufacturers in New York.

Facts Presented To—

(continued from page 1)
the Miami metropolitan district, J. D. Butler, representing the East Coast district, Robert Allen, representing the National Audubon Society, Mayor John Dulany, representing the Pahokee harbor project, William "Shells" of Hialeah, and others.

Mayor John A. Dulany of Pahokee presented the following brief to the engineers: "It wish to submit the following for your consideration. As you no doubt are familiar with the importance placed on navigability in the Lake Okeechobee Calumet-Hatch River Project, and in order to protect navigation for a distance of some twenty miles of open water, extending from St. Lucie Canal to Bacon Point it will be necessary that some break water, for refuge be provided."

"During the past week high winds were sufficient to sink floating equipment used by contractors on the levee project, it evident that consistent regular freight traffic schedules would be difficult to maintain without some sort of haven."

"In a recent report to the Board of Engineers at Washington the statement was made that the anchorage facilities were available in this area, it is presumed that the anchorage referred to was the West Palm Beach Canal. It is difficult for the writer to see where this canal can be effectively utilized in storing boats."

"I therefore request for and in behalf of the city of Pahokee that a hearing be held at your convenience, that such data might be presented as would more clearly show the economic justification of this project."

test between men excited greatly pleased the vast audience, and how those boys did cut their steps, were very straight paths, and others were of a more comical nature.

Robert Barr, aged 32, who in his day was a show dancer, was the winner of the day, as he displayed the most supple and the best steps, although he was preceded by young's Henry Hyde, the comedian, and William Cranshaw, who could do a slick piece of leading. Prizes were awarded to these three men.

Lewis Johnson won the 1007 Dodge automobile. Not being a driver he had to have a friend to drive his new possession off the field.

water through stilt canal of Highlands Glades drainage district terminating at State Road 25. Also diverting waters this water from Big Mound Canal, utilizing existing ditches of above named drainage district to terminate at State Road 25.

Two dams are anticipated in the proposal to give approximately two townships protection, and reduce present fire hazards.

PAINT THREE—Build substantial culvert and dam across State Road 25 to connect with present drainage canal of Gladesville drainage district to a point ten miles due south and connect with Hillsborough canal. (Gladesville drainage canal mentioned runs north and south.) By connecting this main artery with east boundary of Gladesville drainage district, water control can be established for approximately three townships, reducing fire hazards.

Three control dams are anticipated in this plan.

WHAT DO YOU MEAN—

"MODERN"?

WHY is an all-electric kitchen "modern"?
Because an all-electric kitchen equipped with electric cookery, refrigeration and automatic electric water heating is the ultimate in convenience and safety.
Because it saves time and work, is easier to keep clean, is dependable.
Because it simplifies household management, and cuts costs—thanks to "stepdown" rates.

N.Y.A. To Assist Pahokee Library

At a meeting of the Pahokee Public Library executive board with Mrs. C. A. Bailey Monday evening, Mrs. Bailey reported that Miss Juanita Erler, librarian, would receive part of her salary in the future from the National Youth Administration. Efforts are still being made to obtain a full-time WPA librarian, with the committee reporting that Mrs. Marie Duncan, director of WPA library projects in area four and five, was cooperating with the board in its attempt to get this form of WPA grant.

It was voted to give all magazines of the library shelves to the Everglades Memorial Hospital. A motion was passed to make the final payment of \$5.00 for a shipment of books from Mrs. Lucille Turgeon of West Palm Beach. Fred L. Martin recommended that the new edition of "Pilgrims Progress" be included in the next order of new books. The next meeting will be held at the home of J. E. Cochran, Sr., Mrs. Minnie Callaway, chairman, president.

Scouts Receive Tenderfoot Badge

Murray Martin and Charles Erickson were awarded Tenderfoot badges at a meeting of the Pahokee Boy Scout Troop in the recreation hall of the Methodist Church Monday night. Signalling and knot-tying contests were won by the Beaver Patrol and Marion

Chaney received first place in the O'Grady drill contest. Scoutmaster W. H. Whites announced that first aid, signalling and knot-tying contests would be held at the next meeting and members of the patrol winning the most points would receive free tickets to the local theatre.

Members Garden Club Meet Mrs. Crown

The Community Garden Club sponsored a lecture given by Mrs. Fletcher Pearson Coon of Decatur, Ga., at the Pahokee Women's Club Friday afternoon, March 8. Her subject was "Flower Arrangements." The lecture was well attended by both local women and visiting garden club members.

Mrs. Crown had a most pleasing personality and one felt from the very beginning that she had her subject well in hand.

Mrs. Crown spoke on arrangements of flowers for different types of rooms and furniture, pointing out the fact that one must "suit the flowers to the containers as well as their positions in the room."

She discussed all types of arrangements, from massive to miniatures; arrangements of flowers for living rooms and dining room tables were discussed. She cautioned one to be always careful not to have dining table arrangements too high and that flowers should always be well spaced in their containers, and have one focal point.

While in Pahokee Mrs. Crown was the guest of Mrs. Tom Dechman.

Garden Club To Meet Tuesday

The Community Garden Club of Pahokee and Canal Point will meet Tuesday, March 19th at 2 p.m. at the home of Mrs. Francis Humphreys, Post Mayaca, with Mrs. J. C. Caffey co-hosts. Mrs. J. E. Cochran will have charge of the program for the day. All members are reminded to bring their "Miniature Flower Arrangement."
